The difficulty will arise when
Mr Parthasarathi ceases to
be Surgeon to the Raja - he will then
be superseding his seniors - the proposal
that Senior Surgeon does not retire
will defeat the object. Please see how the
case of Assistant Surgeon Mahomed Hussain
is going on.

14 Consistently with the opinion given by me in the case of the proposed transfer of Mr.T.A.Iswaramurthi to the Medical Department, I feel I ought to disagree with the recommendation made by Dr. Mylvaganam in the letter under disposal, regarding the position to be given to Mr. Parthasarathi Chetty in the Medical Department.

15 But there is this difference between the two cases, viz, while Mr. Iswaramurthi has himself applied for a transfer to the medical department, the transfer of Mr.Parthasarathi to this department is not of his own seeking. Mr. Parthasarathi has also acquired special foreign qualification in certain branches of the profession to enhance his usefulness in such branches and in the Medical College. It would, therefore be rather hard if, ~~his position~~ in fixing his position in the Medical Department, it is made in any way materially worse than what was vouchsafed to him in C.O.No.L.5043-7-San.32-22-2, dated 12th January 1927. It would therefore seem well to continue to him his present scale of pay and to show him in the position in which he has been shown in the Civil List corrected up to 1st July 1924.

16 The difficulty apprehended in para 9 of the notes does not seem to be likely to arise, in as much as he cannot claim seniority in rank over 1st Grade Assistant Surgeons so long as his position is fixed below that Grade. It is only about 4½ years hence, when he will have reached the maximum pay of his scale, Rs.360/- that he is likely to fight for promotion to the Surgeon's Grade. But it is more likely that there will ~~be a~~ then be a vacancy in the higher grade of the Health Department (Rs.400-30-700) when he could be ~~put back~~ reverted to that department on promotion instead of making any other arrangement to fill up the vacancy.

17 The only alternative that could in fairness be suggested is, to reckon him as having been appointed to the 1st Grade of Assistant Surgeons from the date of his return with

special foreign qualifications, viz., December 1921, and as having earned his annual increments at Rs.20/-, any excess in the pay actually drawn (or to be drawn) by him in the Sanitary Department scale being treated as Personal allowance and absorbed in the increments earned as Assistant Surgeon 1st Grade. But even this will result in material loss to the officer as shown below

If started on Rs.200 as 1st Grade Asstt. Surgeon from Dec.21, his progress will be		If continued in the scale 150-15-360 as at present,	
December 1922, pay Rs.	220 + excess P.A.		
" 1923	240 "		
" 1924	260 "	February 1924	Rs.285
" 1925	280 "	" 1925	300
" 1926	300 "	" 1926	315
" 1927	320*	" 1927	330
" 1928	340	" 1928	345
" 1929	360	" 1929	360.

*(Here all the personal allowance will be absorbed.)

This arrangement is therefore not likely to satisfy him. It will also give room for complaints from the Assistant Surgeons who have all along been serving in the Medical Department, as his position ~~under this~~, if started on Rs.200 on December 1921 will be below Mr. C.Narayana Rao and about six officers who entered service before him will be superseded.

18 All things considered, it seems best to continue him in the position and on the scale shown in the Civil List of 1st July 1924.
